Meeting Objectives

- To form the team of experts for development of the Program and Methodology of career guidance and counseling of young people aged 19-30
- To learn about different career guidance systems and standards in the UK, Italy and Poland

Meeting Objectives

- To present system of career guidance and counseling in Serbia
- To develop common understanding of the significance of the documents that will be developed through WP6
- To develop detailed Work Plan for experts' work through the WP6

CareerS project main aim

Project CareerS is focused on development of career guidance in higher education as an integral part of development of system of career guidance in Serbia.

www.careers.ac.rs

Careers Objectives

- Development of Services for Career Information, Guidance and Education aiming to increase youth employability,
- Enabling wider accessibility and variety of programs in Career guidance at Higher Education Institutions,
- Raising the level of recognizing importance of Career Guidance by the policy makers and other stake holders and
- Development of CGC Programme for Youth and Methodology for CGC centers at Serbian HE institution.

WP6 main aim

To Develop Career Guidance and Counseling Program for Young People between the Ages of 19 and 30 (students) and Methodology for CGC Centres in Serbian institutions for higher education.

Program

- further elaborate CGC standards given in National Strategy,
- develop program content according to standards,
- define basic conditions for realizations of the standards (what are the qualifications of the personnel engaged in career guidance and counselling of youth aged 19-30, conditions for practice and career guidance and counselling providers in Serbia, etc.)

Methodology

- methodical models of operation of career development centres;
- method for preparation of career guidance counsellors and practitioners at different levels;
- methods and techniques to be used by career guidance counsellors and practitioners at different levels;
- and some other elements which will be recognised by the WP team

WP6 Activities
